DRIVERS: COVID19 REQUIREMENTS: Just a note to let you know we have added a requirement to our COVOD 19 safety measures. We now require all employees and anyone coming into the building to wear a mask.

Currently we are not requiring the carriers to wear a mask, unless they need to come in to our building. We would like to strongly ask them if they would put on a mask when outside in the presence of our associates. We do require a 6 feet distance, however with the added mask we are hoping to ensure the safety of not only our employees but the drivers as well. Or if the drivers want to stay in their trucks until they are loaded that is acceptable as well.

There will be masks at our gate when the drivers arrive if they would like one or they can
